MILTON FRIEDMAN REMEMBERED AT JULY 31 LITTLE ROCK EVENT

(July 2007) The late Milton Friedman (1912-2006), the 1976 Nobel laureate in economics will be remembered at a July 31 event at 11: 45 a.m. at the Univ. of Arkansas at Little Rock. The event, in the first floor auditorium room of the Reynolds Building, will feature a lecture, video of Dr. Friedman and free pizza and soda pop provided by the Policy Foundation.

Dr. Friedman was awarded the Nobel Prize for "his achievements in the fields of consumption analysis, monetary history and theory, and for his demonstration of the complexity of stabilization policy."

He was also a long-time advocate of education reform, including expanded school choice.

The event is being held to coincide with Dr. Friedman's birthday (July 31).

The Reynolds Building is located on the southeast corner of University Drive and 28th Street. Visitor parking is available across the street next to the Stephens Center.

Please contact the Policy Foundation if you have any questions regarding the event.
